# Christmas Stockings

**What do you need:**

Durable Coral  
 2 x Ivory 326  
 1 x Forest Green 2150 (g)  
 1 x Blue VIntage 289  
 1 x Red 316 (r)  
 European hooksize 3mm or 2.5mm\*  
 Darning needle  
 Scissors

**Terms:**

ch = chain  
 tr = treble  
 htr = half treble  
 sl.st = slip stitch  
 dc = double crochet

Use a European hooksize 3mm or 2,5mm. Depending on how tight you crochet

Start each row with 3ch. The 3ch counts as the first stitch. Always start each new row where you ended the first row.

Start with red and a magic ring

**Row 1:** 3ch (first stitch) + 11 tr. End with a sl.st in the first stitch. Pull the ring. (12)

**Row 2:** 2tr in each stitch (24)

**Row 3:** \*1tr, 2tr in same stitch\* Repeat till end. (36)

**Row 4:** \*1tr, 1tr, 2tr in same stitch\* Repeat till end (48)

**Row 5:** \*1tr, 1tr, 1tr, 2tr in same stitch\* Repeat till end (60)

**Row 6:** 1tr in each stitch (60)

**Row 7:** Color change to white. 1tr in each stitch. (60) (do not cut the thread! just leave it there!)

**Row 8:** Color change to blue. Start with dc between 2tr. 3ch, skip 3 stitches, 1dc between 3rd and 4th stitch (count from the first dc) Repeat this till the end. (do not cut the thread! just leave it there!)

**Row 9:** Color change to white. You can pick it up since you just left it there. 3tr in each 3ch of the previous row. Don't cut the yarn!

**Row 10:** Color change to blue. 1dc between 2 groups of 3tr, chain 3. Repeat till the end. Don't cut the yarn!

**Repeat row 9 - 29** Now you can cut the yarn and weave in the ends.

**Now we are making the heel:**

Attach the red color. Start where you ended the previous row. Crochet 28tr. Turn your work, 3ch(counts as 1st stitch), 27tr. \*Turn your work, 3ch (counts as 1st stitch) skip the 2nd stitch. 26tr (27)\*. Repeat \*...\* Repeat another 7 times. So each row you skip one stitch. The last row counts 20tr.

# Christmas Stockings

**Row 30:** Attach the blue color between the 3tr where you started the heel. So just before the red tr of where the heel starts, but in row 28. Here you crochet 2dc. 1dc in tr (from the heel) 2dc in next tr, 1dc, 1dc, 2dc, 2dc, 1dc, 1dc, 2dc, 1dc, 1dc, 2dc, 2dc, 1, dc, 1dc, 2dc, 2dc, 1dc, 1dc, 2dc, 1dc, and 2dc between the heel and 3tr from row 29. 3ch, and 1dc between all the 3tr groups.. Just like you did in row 8. Do not cut the yarn. Just leave it there.

**Row 31:** Attach the white on top of the first blue stitch that you crocheted on top of the heel. Now cochet 1tr in each dc (30tr). Skip the 2dc from the previous row in both corners. In each 3ch bow you crochet 3tr. You now have 11 groups of 3tr.

**Row 32/53:** Repeat row 8 & 9. Each white row counts 21 groups of 3tr. Weave in all ends.

**Row 54:** Attach red. 1dc in each tr.

**Row 55:** Attach green. 1dc in each dc.

**Row 56:** Attach red. 1tr in each dc.

Now we are going to start with crocheting the christmas trees. Make sure that when you change color, you always attach the new color with each last pass through before you start the first stitch in a new color.

**Row 57:** Red 3ch, 2tr, change color (Green) 3tr, \*change color (red), 6tr, change color (green) 3tr\* Repeat \*...\* another 5 times. Change color (red) 3tr.
